# Beth Nelson Reigns as Princess Attira XXIX

Princess Beth, pictured above, is wearing the traditional robe of the Ma-ie Day Princess.

## Students Elect New Officers But Late Recount Scheduled

An unusually low number of voters turned out for the annual All-School elections on Wednesday.

Jim Leslie, president of the Student Council, said that in his four years at OU he had never seen such a poor turnout. Leslie said that in his estimation the restrictions in campaigning was the major reason for only 891 ballots cast.

The elections Wednesday were held to elect Student Council members for the coming year, members of the Board of Student Publications and the Ma-ie Princess.

Sophomores elected to the Student Council for the coming year were: Patti Matson, Pauline Williams, Rick Thompson and Jim Grasso.

Juniors elected were: Judy

Eichern, Sheri Zager, Bill Wakefield and Joe Benzen.

Members of the senior class elected to the Council included: Sue Weidenhammer, Bud Kersey, Gary Masilko.

Leslie said Thursday afternoon the ballots for the senior student council representatives and for the Board of Student Publications would be recounted.

Results were not available for publication.

### Official Notice

The Omaha University Music department will present a senior recital May 16 at 7:30 p.m. in the SC Ballroom. The performers are Tom Harvey, Gene Paul George and Albert Travis.

## Ma-ie Day Starts With Bang; Parade Line Pulls Out at 1 p.m.

By Mary Beth Meyers

Beth Nelson was crowned Princess Attira XXIX this morning at the 10 a.m. ceremony. Student Council President Jim Leslie crowned the new princess.

She received the traditional headdress and gown of her new title at the official opening of Ma-ie Day 1963.

Beth received a traveling trophy and a gift and will receive the traditional bouquet of roses at tonight's Ma-ie Day Dance at Peony Park.

Other candidates who now comprise the princess's court

are Carolyn Curry, Gail Grove, and Suzie Sipherd.

### Alpha Xi

Representing Alpha Xi Delta sorority, Beth is a history major with a minor in English. She recently received a graduate fellowship in history from the University of Kentucky. The fellowship will allow her to continue in history for her Masters and possibly her doctorate degrees. She was also offered two assistantships. One from the University of Indiana and the other from Texas Christian University.

### Busy Girl

Beth has held an active life in her four years at the University. Her activities include: Waukiya, senior women's honorary, Angels Flight, Corinthians, senior scholastic honorary, and Phi Alpha Theta, history honorary. She has served as historian of Kappa Delta Pi, education honorary, and as vice president and junior advisor of Alpha Lambda Delta.

The positions of vice president-pledge trainer and scholarship chairman were held by Beth in her sorority.

### Scholarship Winner

She has also been a member of Student Council and was a

recipient of the Regents Scholarship.

Beth has student taught this past year at Lewis-Clark Junior High and at Omaha Central.

The Princess and her court will ride the O Club float in the parade through downtown Omaha this afternoon.

### Dance

Ma-ie Day festivities were ignited this morning with a Sunrise Dance at the Student Center followed by a breakfast of pancakes, sausage, juice and coffee.

Immediately following the princess announcement on the terrace, the Student Council Game Time will be held in the Pep Bowl, just south of the library.

### Sack Race

There will be a potato sack race for both men and women, a three-legged race, bubble-gum blowing and egg tossing contests, pie-eating competition for women, tire-jumping and a balloon-popping contest for faculty members.

The annual picnic will be served in the Pep Bowl at 11:30 a.m. Meal tickets for the picnic and the breakfast are 50-cents.

All floats and decorated cars (only those registered) will form in the parade line in Elmwood Park at 12:30 p.m.

### Parade

The parade will begin at 1 p.m. The parade route will go down Dodge to 30th, over to California, down California (past Creighton University) to 16th, down 16th to Farnam and up Farnam back to school.

Ma-ie Day will end—as it started—with dancing. Eddy Haddad's Orchestra will play at the Peony Park Ballroom from 9 p.m.-1 a.m.

One activity card per person is required for entrance to the dance. Cost for persons without activity cards is \$1.

## D. N. Marquardt Named to Math Project at Minn.

Dr. D. N. Marquardt, professor and head of the OU chemistry dept., has been named to a 30 man science writing team at the University of Minnesota.

Financed by a National Science Foundation grant, it's called "MinneMAST"—Minnesota Mathematics and Science Teaching project.

"It's a multi-purpose project for the development of more effective teaching of science on an elementary level," Dr. Marquardt said.

From June 24 to August 16, Dr. Marquardt will work on a special three-man chemistry writing team at Minnesota U.

Omaha U is one of 19 schools participating as a center for the distribution of material prepared in the "MinneMAST" project.

Dr. Joseph Dunn, professor of elementary education, will handle the dissemination of the science-teaching material to the Omaha School District and District 66 where it will be used on a test basis.

### Ma-ie Day Schedule

7:30 a.m. Dance in the Student Center.

8:30 a.m. Breakfast in the Student Center.

10 a.m. Crowning of Ma-ie Day Princess by Student Council President Jim Leslie.

10:30 a.m. Games P.E. Field.

11:30 a.m. Lunch P.E. Field.

12:30 p.m. Formation of parade in Elmwood Park.

1 p.m. Parade leaves Elmwood.

9-1 a.m. Dance at Peony Park Ballroom.

## Summer School Registration Date Set for June 7, 8

Registration for the 1963 Summer Session of the College of Adult Education will be conducted June 7 and 8 in the Administration Building.

A schedule for registration has been set up, according to alphabetic listing of names. Tuition and fees are due at this time.

Late registration for the first summer session closes June 11. June 13 is the deadline for evening session registration. A late registration fee of \$3 will be assessed.

## Senior Day to Be Held May 17; To Feature Concert, Gift, Awards

Senior Class Day will be held May 17 at 11 a.m., in the Student Center Ball Room. The program will include a band concert, a welcome by the senior class president and charge by the alumni association president. At this time the class prophecy will be given followed by the presentation of a gift to the school by the senior class.

Several awards will be presented to outstanding seniors. The Alpha Lambda Delta award will go to the senior girl with the highest accumulative. A certificate of merit will be presented to by the American Association of University Women.

The activities will wind up with the planting of a tree by the graduating seniors.

Seniors will be excused from 10:30 and 11:30 classes.

## Olson Leaves Industrial Testing for California

Virginette Olson, administrative assistant to Dr. William Jaynes in Industrial Testing, has resigned from the OU staff after seven years here.

Miss Olson lives with her family and they are leaving for California upon her father's retirement.

### FINAL EXAMINATION SCHEDULE

#### Second Semester 1962-63

Thursday, May 23—Eng 109, 111, and 112, 7:30-9:30 a.m.; Bus 319 and 320, 9:45-11:45 a.m.; 9:30 M W F or all days, 12:30-2:30 p.m.; 9:30 T Th, 2:45-4:45 p.m.; 7:30 p.m. Thursday, 7:00-9:00 p.m.  
Friday, May 24—7:30 M W F or all days, 7:30-9:30 a.m.; 7:30 T Th, 9:45-11:45 a.m.; 8:30 T Th, 12:30-2:30 p.m.; Bus 128, 2:45-4:45 p.m.; 7:00 p.m. Friday, 7:00-9:00 p.m.  
Saturday, May 25—1:30 M W F or all days, 7:30-9:30 a.m.; Psych 101, 9:45-11:45 a.m.; All Saturday morning CAE classes.  
Monday, May 27—11:30 M W F or all days, 7:30-9:30 a.m.; Acc 101 and 102, 9:45-11:45 a.m.; 12:30 M W F or all days, 12:30-2:30 p.m.; 7:00 p.m. Monday, 7:00-9:00 p.m.  
Tuesday, May 28—8:30 M W F or all days, 7:30-9:30 a.m.; 11:30 T Th, 9:45-11:45 a.m.; 10:30 M W F or all days, 12:30-2:30 p.m.; 3:30 T Th, 2:45-4:45 p.m.; 7:00 p.m. Tuesday, 7:00-9:00 p.m.  
Wednesday, May 29—2:30 M W F or all days, 7:30-9:30 a.m.; 1:30 T Th, 9:45-11:45 a.m.; 10:30 T Th, 12:30-2:30 p.m.; All unscheduled Examinations, 2:45-4:45 p.m.; 7:00 p.m. Wednesday, 7:00-9:00 p.m.  
Friday, May 31—3:30 M W F or all days, 7:30-9:30 a.m.; Second part of Humanities, 9:45-11:45 a.m.; 12:30 T Th, 12:30-2:30 p.m.  
Examinations for all late afternoon CAE classes will be held at their regularly scheduled class meeting times on the above dates.

### HOW TO SEE EUROPE FOR ONLY \$300 A DAY: NO. 2

Last week we discussed England, the first stop on the tour of Europe that every American college student is going to make this summer. Today we will take up your next stop—France, or the Pearl of the Pacific, as it is generally called.

To get from England to France, one greases one's body and swims the English Channel. Similarly, to get from France to Spain, one greases one's body and slides down the Pyrenees. And, of course, to get from France to Switzerland, one greases one's body and wriggles through the Simplon Tunnel. Thus, as you can see, the most important single item to take to Europe is a valise full of grease.

No, I am wrong. The most important thing to take to Europe is a valise full of Marlboro Cigarettes—or at least as many as

*He introduced shortness to France*

the customs regulations will allow. And if by chance you should run out of Marlboros in Europe, do not despair. That familiar red and white Marlboro package is as omnipresent in Europe as it is in all fifty of the United States. And it is the same superb cigarette you find at home—the same pure white filter, the same zestful, mellow blend of tobaccos preceding the filter. This gem of the tobaccoist's art, this prodigy of cigarette engineering, was achieved by Marlboro's well-known research team—Fred Softpack and Walter Flitop—and I, for one, am grateful.

But I digress. We were speaking of France—or the Serpent of the Nile, as it is popularly termed.

Let us first briefly sum up the history of France. The nation was discovered in 1066 by Madame Guillotine. There followed a series of costly wars with Schleswig-Holstein, the Cleveland Indians, and Jean Jacques Rousseau. Stability finally came to this troubled land with the coronation of Marshal Foch, who married Lorraine Alsace and had three children: Flopsy, Mopsy, and Charlemagne. This later became known as the Petit Trianon. Marshal Foch—or the Boy Orator of the Platte, as he was affectionately called—was succeeded by Napoleon, who introduced shortness to France. Until Napoleon the French were the tallest nation in Europe. After Napoleon most Frenchmen were able to walk comfortably under card tables. This later became known as the Hunchback of Notre Dame.

Napoleon, after his defeat by Credit Mobilier, was exiled to Elba, where he made the famous statement, "Able was I ere I saw Elba." This sentence reads the same whether you spell it forward or backward. You can also spell Marlboro backward—Oroblam. Do not, however, try to smoke Marlboro backward because that undoes all the pleasure of the finest cigarette made.

After Napoleon's death the French people fell into a great fit of melancholy; known as the Louisiana Purchase. For over a century everyone sat around moping and refusing his food. This torpor was not lifted until Eiffel built his famous tower, which made everybody giggle so hard that today France is the gayest country in Europe.

Each night the colorful natives gather at sidewalk cafes and shout "Oo-la-la!" as Maurice Chevalier promenades down the Champs Elysees swinging his malacca cane. Then, tired but happy, everyone goes to the Louvre for bowls of onion soup.

The principal industry of France is cashing travellers checks. Well, sir, I guess that's all you need to know about France. Next week we will visit the Land of the Midnight Sun—Spain.

© 1963 Max Shulman

*Next week, every week, the best cigarette you can buy, the whole world over is filter-tipped Marlboros—soft pack or Flip-Top box—you get a lot to like.*

## Dear Editor

Dear Editor,

This is being written before the election — it's not sour grapes.

I am writing to express my disgust at the campaigning principles used on our campus. We strive to outlaw unfair campaign practices—the "grab the vote method." I have served on our Student Council in the past and have seen that representation on Council can be one-sided. When it is balanced, it works as a group for the good of the university.

Yet the tactics used by some candidates are more than questionable. Qualifications are a good beginning. A long list of organizations and previous offices held is very impressive. So why not "create" a few activities where there is a deficiency.

Another point: there is a minimum requirement for hours of each class representative. Isn't there also a maximum? Why isn't it enforced? If you have sophomore hours, can you call yourself a representative of the freshman class?

Also: the Council laid down campaign rules that put the groups on the "honor" system. These are easy to hedge around and too much hedging has been done. Some illegal tablehopping was reported—and ignored!

My question—are people who don't respect the rules worthy to serve on the student governing body at Omaha University?

It is time that elections were revised and reorganized. Make the election results an honest measure of the candidate's worth. Perhaps if the rules are revised and enforced only people who would be honest and industrious leaders would serve on Student Council.

Candidates should be more than "glory getters"

Jackie Palmer

## Omaha U's Dee Sandvig Reigns As Miss Omaha

by Allen Johnson

A pert 18-year-old University of Omaha freshman speech major from Iowa reigns as Miss Omaha 1963.

Born in Emmetsburg, Iowa, Denise Marie Sandvig came to Omaha last September and enrolled at OU. Dee, as she is better known, chose Omaha University on the merits of the speech department. She said she heard of Dr. Paul's department and was impressed. While in high school at Eagle Grove, Iowa, Dee represented her school in the Iowa state speech contest for three consecutive years.

Outside of her 15-hour load this semester, Dee is a member of Alpha Xi Delta sorority. She admits her sorority sisters prompted her entry into the Omaha contest. Dee is also a member of the OU Indians. Other activities at school include working backstage on various University dramatic productions.

### Scuba Diver

Outside of school, Dee is quite active in water sports. She is an avid water skier and swimmer, having worked as a lifeguard for several summers at the pool in her home town. Her new interest in the realm of water sports, however, is scuba diving. Dee said she first became acquainted with this sport at Lake Okoboji in 1960. Dee is planning to attend a United States Scuba Diving School at Table Rock, Missouri, this summer. The school at Table Rock is quite extensive, she said, adding that physics and mathematics play a vital role in learning what to do and not to do while diving under water. Dee explained that learning how to

gauge water pressure and measure oxygen necessitate the use of the physical sciences. Scuba diving is dangerous and Dee emphasized the need for knowing what one is doing before attempting it.

### Golfer Too

Miss Omaha has also adorned the golf links in our city. Although admitting to be a novice at the sport, Dee said she has managed to shoot near fifty several times over nine holes. This, she said, isn't the usual case—her score card usually isn't very impressive.

With her parents living in Dee Sandvig Eagle Grove, Dee lives in Omaha with Mr. and Mrs. Joseph Haller at 8644 Parker street. Her "new" family was found through the university.

What spare time Dee has is usually spent with the Hallers' seven youngsters ranging in age from one through ten years. Around the house there is always something to keep her busy. She said she enjoys children and spends time each week at the Hatie B. Munroe home for crippled children. At the home, Dee makes use of her swimming ability by spending her time with the children in the pool.

### Summer School

Dee will have little spare time this summer, if any at all. As Miss Omaha, she will represent the city at luncheons, dedications and other civic events. Combined with this, she'll be attending summer school at OU in an attempt to complete her college education in three years instead of four.

Three nights this summer are sure to be busy for our dark haired coed. The thirteenth, fourteenth and fifteenth of June will be spent in Fremont where Dee will represent Omaha in the Miss Nebraska contest.

The three-day affair for the state title will include judging on evening gown and swim suit appearance, talent and personality interview. Miss Omaha will present an oration on the younger generation as her talent—the same one she gave at the Omaha contest.

For Denise Sandvig the Miss Nebraska contest will be something long to remember. The winner at Fremont will go on to the bright lights and nervous moments at Atlantic City for the Miss America Pageant.

## Spring Concert Is Held by OU Choir

The Omaha University Choir under direction of Mr. John Miller presented the Annual Spring Concert last Tuesday in the SC Ballroom.

The choir program was composed of several original compositions by Mr. Miller.

Mary Sutton accompanied the choir as featured soloist in Beethoven's "Choral Fantasia." Miss Sutton joined choir accompanist, Sandra Strub, in a "four hand" arrangement of Gershwin's "Porgy and Bess" with soloists Tarry King, Tom Harvey, and Jana Doxon.

## Jobs Available in Student Placement Office for Seniors

by Sharon Johnson

What does the Student Placement Office offer the University of Omaha graduating senior? This going-concern is interested not only in placement in the business world but in the teaching field.

Both offices, considered separate entities on other campuses, are handled by one office at the University. The office, headed by Mrs. Yvonne Harsh, is located in room 231 of the Administration Building.

Upon registering for the Placement Office services, the candidate for graduation is given a College Placement Annual and a brochure listing various tips on the successful interview.

### No Charge

No charge is made for the service of the Placement Office. The office asks only that the applicant supply twenty photos to be used on applications given to various firms. The office also requests that those who have registered for their services notify the office of any jobs taken so that records may be kept up-to-date.

The application is a general information type that asks for extra-curricular activities, academic standing and four personal references.

Each candidate is personally interviewed by Mrs. Harsh. She learns what types of jobs the candidate would prefer and if the candidate is willing to relocate. Often times, she is instrumental in helping the applicant decide what type of job he would like best. Many graduates who enter the office have not made a final decision on their career.

Year after year, firms that are pleased with the people they obtain as a result of their recruiting programs, from OU return to the campus. Other firms add their names to a growing list of college recruiting teams each year. Mrs. Harsh

said that the greatest employment demand is for engineers, accountants and scientists.

### Alumni Eligible

The graduating senior is not the only person who may use the services of the Placement Office. OU's alumni are welcome to and are eligible for the services provided by the office. A complete written report is kept in file of all who have registered for placement service.

The Placement Office does not promise jobs but does offer the opportunity of meeting various recruiters. From this point, the securing of a position is up to the applicant.

In order for the applicant to know the company he is having an interview with, various source material is made available to him. The Placement Office has an extensive library of outstanding firms' brochures.

Mrs. Harsh has found that the average applicant improves in each subsequent interview. The interviewee develops a sense of ease. He acquires a sense of what the company wants and in turn offers his talents as a commodity on the employment market.

Unlimited and challenging opportunities are for the asking of the college graduates and the Placement Office affords many of these opportunities

## Full Time Summer Help

## Students Manned Polls Wednesday

STUDENTS WENT TO THE POLLS Wednesday to make their choices for Student Council, Board of Student Publications and Ma-ie Day Princess.

## Weeks' Question

"Do you think foreign languages should be a requirement for a degree?"

Art Bauer,  
radio and TV,  
junior:

"Very definitely because I think it gives you a much broader view of the world and of your own language."

Chuck Ellis,  
math,  
senior:

"Yes I do, for those who are going to continue their education for more advanced degrees."

Cindy Scholz,  
history,  
freshman:

"I think they should because it is very important for a good liberal education."

Pat McFarland,  
speech and  
dramatics,  
freshman:

"I don't really think it is necessary because you probably will never be able to use it."

Carol Berry,  
sociology,  
freshman:

"No, I don't because it isn't necessary for everyone. It depends on the field you're in."

Bruce Hunter,  
college of  
education,  
senior:

"It depends on the degree you're seeking. If you're studying for a degree in physical education it would hardly be necessary."

Andy Andersen,  
economics,  
bootstrapper:

"With the exception of highly technical degrees, it represents broadening of the individual plus necessary awareness of our neighbors in the world."

Lee Burrill,  
art,  
senior:

"I certainly do because it's a good mental discipline and if you don't have a command of English you learn it through a foreign language; it broadens your horizons."

Gloria Foucek,  
elementary  
education,  
sophomore:

"Yes, it broadens your education and that is what you are in college for."

Al Whittaker,  
sociology,  
sophomore:

"Yes, I think so because it gives you a well-balanced education and that is why you are going to college."

## Phi Chi Theta Elects Officers

Phi Chi Theta, women's business honorary, elected officers for the coming year at a meeting May 8.

Leonora Connelly will serve as president. Other officers are Janice Thompson, vice-president and pledge trainer; Joyce Dusek, corresponding secretary; Charlene Munson, recording secretary; Valleen Dolinsky, treasurer; and Louise Michel-etto, historian.

## Long Hours of Preparation for Ma-ie Day Are Coming to End

by Sheri Hronek

Slowly but surely the preparations for today are coming to an end. As you ride in or watch the parade, how many of you will remember the weeks of work that went into the making of the floats.

Actually everyone began thinking about this day weeks ago. They chose their candidates for the elections, they selected the theme for their floats and they began work on them.

The preparations then divided into two parts—the campaigning and the float building. The campaigning came to an end Wednesday. Until you are on the other side of the fence—the candidate's side—you can't appreciate the tension that they felt on Wednesday.

They watched you go into the polls and wondered and hoped that you were voting for them. Then after the polls closed, they waited around for the results—that finally came about five hours later. Some were disappointed, but the winners—well, they sat around and said, "I still can't believe it!"

By the time you read this, the last of the announcements of the election will have been announced. Just think of the agony those girls went through—from Wednesday to this morning.

Now, let's take a look at the other part. You can't imagine the horror float chairmen go through unless you're on their side of the fence, too. They get all the material together, see that the frame work is done and last, but most certainly not least—get people to work on it.

Paper is cut, chicken wire is stuffed and the float begins to take shape—thanks to those devoted few who show up the first week.

Then comes the week of Ma-ie Day. More and more people begin to show up for work. Guys work on the girls' floats, girls work on the guys' floats and everyone has one heck of a good time.

Wednesday a couple floats showed up in the field house and took their places. Some looked pretty good—others still had a long way to go. Thursday more came and by Thursday evening all the floats were in the field house. Everyone showed up to work and to look at the other floats.

The work lasted well into the night—until after midnight. And a few were still putting on the finishing touches this morning.

In a little while, the floats will form the parade with the decorated cars. They will go downtown and come back to OU. And when they get back? What is the

end of the weeks of work and hours of sweat and worry? The floats will be torn down and toted away—unless they can be sold to some organization who wants to use them for an upcoming parade.

So there you have it! Enjoy the parade and floats because the people who built them put in many hours for this moment. And if you have fun, you can thank the Greeks and other organizations that worked hard so you could. Anyway, have a fun Ma-ie Day!

## Library Addition To Have Benefits

The construction on the library addition may be interfering with studying but long-range benefits are hoped for from the work.

The addition will extend 46 feet on both the east and west sides of the present building.

Miss Ellen Lord, head librarian, said that the extension would almost double the seating capacity of the library.

There will be space available for 200,000 more books. The smoking lounge will also be doubled and sound-proof group study rooms built.

Periodicals, documents and reference material will be placed on the first floor. English and American literature will be moved up to the second floor.

An all-literature reading room will be located in the west part of the second floor. The east part will contain business reading.

Miss Lord commented that the material available at Gene Eppley is sufficient for undergraduate study. She went on to say that a collection of good graduate material was one of the next objectives of the library.

### Official Notices

A Czech language film, "Janosik," will be presented Friday, May 17 in the Eppley Conference Center. The public is invited.

An Italian language movie, "L'Elisir d'Amore" will be shown Thursday, May 16 in the Eppley Conference Center.

The film is based on an opera by Italian composer Donizetti. It is co-sponsored by the College of Adult Education and the Language Department.

All day and evening stu-

## CAE Set to Offer 4 Short Courses For 'Busy' Adults

Four short-term courses will be featured on an experimental basis next fall in the College of Adult Education. Short term means the completion date of the courses will be about November 1.

Dean Donald Woods said these courses will allow busy adults to start courses in September and finish them before the holidays.

Short classes in audio-visual education, speech, mathematics and sociology, will meet two nights a week for a total of 150 minutes per week. Details will be in the CAE fall brochure which will be distributed in mid-August.

Dean Woods said there are many adults who want to go to school in the evening, but are afraid to commit themselves to a whole semester of classes.

"The concentrated short-term

## University Will Host Computer Seminar

A seminar on the use of computers in colleges will be held May 13 in the Federal Room of the Conference Center.

The seminar will be sponsored by IBM for the faculty and staff of the University. About 40 are expected to attend.

## Orinthologists (Yep) Hold Meeting at OU

The Nebraska Orinthologists Union held its annual meeting at the Eppley Conference Center last Saturday.

About 75 from Nebraska and western Iowa attended the meeting, the highlight of which was a telelecture between Omaha and Charleston, South Carolina. Three men in South Carolina talked with the Nebraska group on the subject of "Projects for the Nebraska Ornithologists' Union."

There were also several other reports from local bird lovers.

## 30 AFROTC Cadets Visit Texas Today

About 30 AFROTC cadets will miss the Maie Day festivities today, as they left yesterday morning at 8:00 on a base visitation to Laredo AFB, Texas.

Professor of Air Science, Lt. Col. Shirl H. Swenson is the escorting officer on the trip that is scheduled to return to Offutt AFB tomorrow afternoon.

The plane ride in the C-54 aircraft was estimated at ten hours for the round trip to the base located near the southern border of Texas.

Pre-med students at Omaha University are required to carry a minimum of 46 hours of math and science during their first two years.

## Bootstrapper Wins in Intramural Speech

Dr. Gore (left) congratulates intramural speech contest winners Sweers and Zwerling.

For the first time in University of Omaha intramural speech contests, a 'bootstrapper' has taken first place.

Army Lt. Col. Pete Sweers, a senior majoring in journalism, won the first place trophy with a talk on 'news management'.

Second place went to Stan Zwerling, a junior speech major. His topic centered around individual values and responsibilities in society.

Trophies were awarded by Warren Gore of the speech de-

partment. Speech instructor Dennis Fus was in charge of the contest.

This, the last of four intramural speech contests, was held Wednesday afternoon and was attended by about 50 persons.

## Two Colleges Drop Physical Education One Complaint: P.E. Class in Quick Change

By Tom Ash

Two against, one for and one still undecided.

That's the present score on whether OU's colleges favor keeping physical education as a requirement.

The Applied Arts college and Liberal Arts faculty have voted to eliminate the physical education requirement from their programs. The college of Business Administration voted to let things stand as they are.

The college of Teachers Education is still up in the air. The matter is now in the hands of a fact-finding committee, and the college staff will put it to the vote next Tuesday.

The college of Adult Education is unaffected by the subject since it has no P. E. requirement.

Serious thought on the matter began last fall when some members of the Liberal Arts faculty decided some action should be taken after listening to students' complaints.

It was brought up in a faculty meeting and consequently was referred to the curriculum committee. No action was taken at that time.

### Dr. Beck Comments

One of the leaders in the movement to abolish Physical Education as a requirement, Dr. Paul Beck, associate professor of history, said his biggest complaint was in scheduling. He is also a freshman counselor.

Dr. Beck noted that the present set-up provides four semesters of required P. E. in order to get a degree. He pointed out that most students want to get them out of the way during the freshman and sophomore years, and the classes just aren't big enough to handle the numbers of students who want to get in.

Dr. Beck said the biggest headache comes in placing women in physical education classes. He complained that the department hasn't expanded the women's program, and he added that he doesn't think it is necessary.

Others argued that physical education classes are just taking up time that students could be using "for higher academic courses, instead of running around a field."

Another complaint heard was, "P.E. has become a class in

quick changing." One faculty member said that in a 50-minute class, a student has to change his clothes twice and take a shower, and this doesn't leave much time for anything else.

### Effective Next Fall

The new ruling in Applied Arts and Liberal Arts will go into effect next fall with physical education a voluntary subject. Those hours will be accepted as electives.

Carl Helmstader, dean of the Applied Arts College, said his staff passed the motion to drop the requirement "after considerable discussion." He said the vote was not unanimous.

He added that it will be "very interesting to see how it works and if the move will be worth while."

Dean John Lucas of Business Administration said his college will have no change of program. The present requirement of four semesters of basic physical education or ROTC will remain.

He said the Bus. Ad. faculty approached it from a different angle than Applied Arts and Liberal Arts. After a discussion, a motion was made to leave the program as it is, rather than a motion to change it. It passed unanimously.

### The Other Side

Representatives of the men's and Women's physical education departments got a chance to present their case before any action was taken in the three colleges.

Russ Gorman, head of the men's P. E. department, charged opponents of the physical education requirement with not being oriented as to the values of P. E.

He said that many students and faculty members have never taken time to see its benefits, and this leads to complaints. He added that just because these people haven't educated themselves, it doesn't mean that the values aren't inherent in the program.

Gorman went on to say that some dissenters say their students don't like P. E. for various reasons, and they make their complaints on hearsay evidence. "No one has ever looked in on one of our service classes to see what goes on."

He also said that when students see the benefits of physical education courses, they generally are in favor of them. He cited an education class survey in which the students were supposed to make an objective evaluation of required P. E. courses. Eighty per cent, he said, were favorable.

### We Need It

Gorman also listed several reasons why physical education should be a requirement. "We need P. E. at the college level more than at any other time." He said that college grads are the people in the upper echelons, the thinkers, not the hard workers, and the death rate is the highest of any other occupational group. He added that 68 per cent of all heart cases are men who are indolent in their leisure time activity.

Gorman went on to say that college is the best time to pick up the habit of physical activity. People that are physically active feel better and are more productive, resulting in better academic work, he said.

Gorman said P. E. gives a person a more well-rounded personality since it increases social activity. "You get to know and talk to people, and you have something in common with others through physical education," he said.

### Not too Tough

Gorman discounted the argument that physical education is a heavy physical strain on a person. He said that our department is now working under a new concept, teaching carry-over sports. He said "we want our students to stay in good physical condition after they graduate as well as while they are in school, and if P. E. is too much of a strain while they are here, they will abandon the activity after they get out." For this reason, he said, we now stress sports such as bowling, golf, etc. that will carry over after the students leave.

Gorman concluded that "the biggest problem still facing us is the increasing enrollments and costs that come with it for additions to the faculty, equipment and the need for more facilities in the future."

# 50% DISCOUNT

for young travelers  
(up to age 22)

\$5 Youth Identification Card is valid for 1 year (or until 22nd birthday). Good for unlimited use on Frontier's entire system. Call your travel agent or Frontier Airlines.

On way or round trip, young travelers age 12-22 receive 50% discount anywhere on the Frontier system. And, you can take a friend (also 12-22) at the same low fare. Travel any day of the week. Reservations confirmed in advance.

## WRA to Hold Banquet, Meet

The WRA Honors Banquet will be held Thursday, May 16 in SC Dining Room B. The dinner will begin at 6:30 p.m.

Mrs. Beverly Blackburn, director of recreation at Kellom Park, will be the speaker.

Officers for next year will be announced. Plaques will be presented to the teams and individuals who won tournaments. A Traveling Trophy will be given to the outstanding over-all team, and an Outstanding Individual Trophy will be awarded.

Carol Vetter is handling the preparations.

A track and field meet will be sponsored by WRA May 15. The events will be held on the Women's P.E. Field and in the Stadium. It will begin at four p.m.

Throwing, jumping, and running events will be offered. Carolyn Grothe is in charge.

## Officers Elected; Clubs Add More Members to Rolls

### Alpha Lambda Delta

Alpha Lambda Delta, Freshman women's honorary, recently initiated 19 new members.

The new members are Celia Bush, Jennifer Caskins, Julie Iverson, Anne Kochanowicz, Ann Stephens.

Poppino, Sally Shepard and De-comer, Cadace Porter, Mary Sharon Lemson, Jacqueline New-

Others are Joyce Will, Bette Reeves, Linda Flack, Myra Hellbusch, Doris Jenkins, Marjorie Mangan, Diane Mahoney, Marilyn Workman and Pauline Williams.

### Canterbury Club

The Canterbury Association elected new officers at their last regular meeting of the year.

Robert Bee is president, Olive Graham is vice president, Jean Dayton, secretary-treasurer; Nancy Anderson, corresponding secretary and Alys Nelson, program chairman.

### Phi Chi Theta

Phi Chi Theta, business honorary, initiated four new members. They are: Linda Lenz, Va-leen Dolinsky, Sarah Edwards and Joyce Dusek.

### Rho Epsilon

The real estate fraternity, Rho Epsilon has eight new members. Initiated recently were Dan V. Burkholder, John M. Dimari, Lynn L. Jefferies, Rolland C. Johnson, Dennis McArdle, Nathan Schwalb, Joseph E. Thornton and Eugene H. Unruh.

## OU IEEE Branch Picks New Officers

A junior, Fred Abbott, was elected president of the Omaha University student branch of the Institute of Electrical and Electronics Engineers at last Friday's regular meeting. Abbott will succeed Doug Cozad as prexy.

Also elected were: Bob Douglas, vice-president; Mary Ellen Isvik, secretary, and Bill Schonlau, treasurer.

At the meeting, plans were laid for the IEEE's last two activities of the year; the Awards Meeting with the Omaha-Lincoln section of the IEEE on May 16 and the Senior party to be held after finals.

## High School Seniors To Be Guests at Tea

Kappa Delta Pi, the education honorary, will hold its annual picnic Thursday, May 16 at 5 p.m. in Elmwood Park.

New officers will be installed and the winner of the Kappa Delta Pi scholarship will be announced.

Next year's president, Karen Stacke, is in charge.

The bowling alleys were installed in the Student Center in October of 1962. To get the alleys into the building, part of the South wall had to be torn down.

## WRA H.S. Playday To be Tomorrow

Annually WRA sponsors a High School Play Day. This year the event will be held May 11. Activities begin at 9:30 a.m. on the football field.

120 girls from Omaha area high schools are expected to attend. Team sports will be played in the morning, and individual games will be in the afternoon. A picnic will be held at noon in Elmwood Park.

Medals will be presented to the top three teams.

Sports that will be offered are basketball, badminton, table tennis, track and field, trampoline, and volleyball.

Mary Abersfeller is handling the arrangements.

## IFC Is Expanded; Kallstrom Heads

Lee Kallstrom, Theta Chi, was elected new president of the Interfraternity Council at its last scheduled meeting.

Other officers include Ken Riedemann, vice president, Duane Mannon, secretary, John Stolley, treasurer.

The IFC has been expanded to 15 members — three from each member fraternity. New members are Howard Fouts, Richard Russell, Everett Robb, Craig Hoenschell.

Others are Mike Jones, Jack Meilke, Tom Risk, Harry Riedemann and Larry Hill.

The first American newspaper, Publick Occurrences, was published in Boston in 1690 and lasted one issue.

## Float Building Has Strange Effects on Certain Greeks

Somebody give me a cigarette!!!

## Women's Society Selects Officers

New members of Alpha Lambda, freshman women's honorary, selected their officers last week.

Officers for the coming year are Pauline Williams, president;

Julie Iverson, vice president; Joyce Witt, secretary; Sally Sheperd, treasurer, and Mary Poppino, historian.

Dee Brezacek will serve as junior advisor and Joann Vanderstoep as senior advisor.

## Rose of Delta Sig Named at Dance

Janine Christensen was named the Rose of Delta Sigma Pi at their annual dance last Saturday.

Jan is a sophomore more majoring in home economics. She is a member of Angels Flight, Marching Angels, Alpha Lambda Delta, honorary, and the Home Economics Club.

## OU Represented On NSF Council For First Time

Dr. D. N. Marquardt, professor and head of the chemistry dept., has been named a member of the council for the National Science Foundation Nebraska Cooperative College Teacher Development Program.

His appointment marks the first time Omaha U has been represented on the five-member council.

The council selects exchange teachers and makes small grants-in-aid to college teachers.

The Eugene Eppley Library has over 130,000 volumes. It receives over 700 American and foreign periodicals a month.

The cornerstone for the Omaha University Applied Arts Building was laid in 1958.

## Get TOMAHAWKS Monday

**TOMAHAWK** Editor Malanie Jeub displays OU's 1963 yearbook. Copies may be picked up in the check room on the second floor of the SC beginning Monday.

Students may pick up the 1963 edition of the **TOMAHAWK**, OU yearbook, starting Monday.

Some 330 copies of the black and brown covered yearbook arrived on the OU campus Wednesday from News Foto Publishing Co., San Angelo, Texas.

They weighed near seven tons. **TOMAHAWKS** will be distributed from the check room on the first floor of the Student Center. Those who have been students for the current and past semesters must present an activity card to receive the yearbook.

Those students who were not registered last semester are required to pay a \$3 fee for the yearbook to Ivan Christiansen, student activities business manager, in room 238 of the Adm. Bldg.

Only one yearbook will be issued per person, according to

Advisor Paul Peterson.

"The **TOMAHAWK** attempts to present the organizational structure of the University and serves as a record and reflection of OU activities," Editor Malanie Jeub said.

### History Meet Labeled As 'Very Successful' By Two OU Profs

"Successful, very successful!" This was the way Professor Frederick W. Adrian described the Mississippi Historical Association's annual meeting which was held in Omaha last week.

Between 1200 and 1500 attended the series of meetings which began May 1 and ended May 4. Those attending came from practically every state including Hawaii.

The 1964 meeting is to be held in Cleveland, Ohio.

### Exhibition by German Artist Max Beckmann Displaying Now in SC

An exhibition of paintings and prints by German artist Max Beckmann is presently on view in the Student Center. The display will remain at Omaha University until May 22.

The Beckmann collection is circulated by the Museum of Modern Art of New York City. Arrangements for the OU showing were made by the College of Adult Education and the art department.

Dean Donald Woods of the CAE termed it as "one of the best exhibitions of this sort to appear at OU in some time."

Woodcuts, drypoints, lithographs and a series of four paintings dealing with a religious theme, "The Prodigal Son," are included.

The White House behind the Administration Building used to be known as the "shack" and provided food service for OU students till the Student Center was opened in 1959.

## Housing Available For OU Students; Low Rates Listed

Housing anyone? The Omaha Housing Authority this week invited Omaha U married students and upper classmen to check into available Authority housing.

If applications for housing are received in sufficient numbers, all students may be placed in a single building or in adjacent buildings, Claude Spear, OHA executive director, said.

### "Pleasure"

"It has been our pleasure in the past to house a number of married students from the University," Spear said.

OHA rent is based on a family's income, with a base running from \$50 to \$70 per month for students, he said.

### Bedrooms Ready

One bedroom units are available at \$50 per month, two bedrooms at \$55, three bedrooms at \$60, four bedrooms at \$65 and five bedrooms at \$70 per month.

"This includes a stove and refrigerator and an adequate allowance for gas, electricity and water," Spear said.

Interested students may contact the OHA at 1728 North 22nd Street.

The Municipal University of Omaha was founded in 1908 by Dr. Daniel Jenkins.

## 'Town and Gown' Concert Tuesday

The University of Omaha Department of Music will present the Town and Gown Orchestra, under the direction of Dr. James Peterson, Tuesday at 8 p. m. in the SC Ballroom.

The orchestra consists of people from the University and the community who are interested in performing good orchestra music. The orchestra will include students from highschools, house wives, printer, insurance executive, professional musicians and university students.

Dr. Peterson said, "The orchestra is one of the most valuable organizations in the city because it is not only a training organ but it serves as a service to the committee."

The program includes: Beethoven, "Egmont Overture;" Bach-Albert, "Prelude, Chorale and Fugue;" Stamitz, "Symphony in E flat Major;" and Hart, "John Jacob Niles Suite."

## Chi Os Hold Picnic, Fathers Are Hosted

Chi Omegas were hostesses to their fathers at a picnic Wednesday night. In charge of the picnic was Sheri Humprey.

After the picnic the Chi O's put their dads to work helping on their float in the fieldhouse.

## Bronowski Wins President's Medal in AFROTC Review

President Bail offers to shake hands with Cadet Bronowski, who stands at rigid attention after receiving the President's Medal.

Cadet Lt. Col. James P. Bronowski received the President's Medal as the highlight of the President's Day Review last Friday.

Omaha University President Milo Bail made the presentation to Cadet Bronowski who also was awarded one of the Chicago Tribune Medals for the highest grade average by an AFROTC Senior Cadet.

Commandant of Cadets, Captain Joseph M. Davis, awarded the ribbon and trophy for the Squadron of the Year to the 471st, commanded by Cadet Captain Robert E. Brudge.

The Marching Angels and the Sabres Drill Team gave performances during the ceremonies, just before the presentation of awards and decorations.

### Picnic, Parade, Review

A picnic for the AFROTC Cadets and members of the Angels Flight followed the parade and review. The picnic was held in Elmwood Park and featured food, fun, and games.

Cadet Col. Paul D. Downie was awarded the Professor of Air Science medal by Lt. Col. Shirl H. Swenson, and the Pen and Sword Scholarship presented by Army Lt. Col. William Applegate.

Colonel Applegate's son was on the receiving end of two awards. Dean Kirk Naylor presented Cadet MSgt. William P. Applegate the Basic Cadet of the Year award, and Mr. Lloyd

Grimm presented him with the Chamber of Commerce medal for Sabres.

### Pen and Sword

Lt. Col. Henry Dickinson presented the Pen and Sword Trophy to Cadet Major Harold C. Steyer, Jr.; Cadet Steyer also was awarded the AFROTC Band medal, presented by Mr. Jack A. Malik, band director for OU.

Other awards and recipients: Rifle Marksmanship Basic, Cadet A2C Fred J. Vanecek; Rifle Marksmanship Advanced, Cadet Lt. Col. Dean H. Berk; Sons of the American Revolution, Cadet SSgt. Stephen C. Matthews;

General Dynamics, Cadet TSgt. James E. Keyser; Rotary Club, Cadet MSgt. Stanley W. Keast; American Legion, Cadet MSgt. Craig A. Cockson; AFROTC Staff, Cadet MSgt. Raymond E. Abel, and the Reserve Officers Association, Cadet Captain Richard L. Parrish.

### 40 et 8

Also receiving awards were: Chicago Tribune Basic, Cadet AB James V. Grasso and Cadet AB Gary D. Tallman; Chicago Tribune Advanced, Cadet 1st Lt. Gary E. Masilko; 40 et 8, Cadet Captain Fred L. Abbott;

Air Force Times, Cadet Lt. Col. David H. Schuur; Veterans of Foreign Wars, Cadet Captain James D. Houdek; Air Force Association, Cadet Captain Art Z. Simon, and AFROTC Staff Advanced, Cadet Lt. Col. Douglas M. Falconer.

## OU Junior Earlene Timm Named As 1963 College Series Queen

GIRL WITH BASEBALL BAT AND CAP—Earlene Timm . . . awaits "pitch" from CWS teams.

Picture of Left.

Earlene Timm, a junior in the college of education, was named as the Queen of the College World Series for 1963 at a luncheon Saturday afternoon at the Sheraton-Fontenelle Hotel.

Miss Timm is the daughter of Mr. and Mrs. Edward Timm, Jr. of Lyons, Nebraska but now makes her home in Millard.

Earlene includes all outdoor sports, especially swimming, horseback riding, fishing and water skiing as her hobbies. She also leans toward dancing and music as relaxation pastimes.

The blue-eyed blonde is a cheerleader at Omaha U and was recently elected co-captain for next year. She is also a member of Chi Omega, woman's sorority, on campus.

The selection was made by a panel consisting of sportswriters and sportscasters from the Omaha area. The girls were introduced at a lunch and then brought in one by one for a short interview, with the sportsmen who made observations as to poise, personality, etc.

### Track Notes

Omaha U's trackmen will be at the CIC championships this weekend at Pittsburg State. Rocket Roger Sayers is expected to be ready to go after suffering a recurrence of a leg injury last week as the Indians downed Washburn in a dual meet.

Terry Williams added to his prestige with a pair of 100 yard dash wins over the weekend at the Sioux City and Howard Wood Relays. Both times were 9.8. Bruce Hunter took the 120 highs also.

### Heavy Magnet Put Together By Sedlacek

A 300 pound electro-magnet was put into operation recently by the Physics Department.

It was assembled by Charles Sedlacek, assistant instructor of physics, who put in nearly two-months of part-time work.

The electro-magnet will be used in experiments where a high magnetic field is required.

Mr. Sedlacek said, "this is the strongest and largest magnet the school has had. It will serve our needs for some time to come."

The old magnet the department had was so small that it could be held in the palm of the hand.

Mr. Sedlacek said the magnet's basic parts were purchased separately, then assembled piece by piece to save on costs.

## Young Man McEwen Has Future; Journalism, Pro Careers Beckon

BASEBALL PLAYERS WITH GLOVE—Ken McEwen . . . soph prospect hits well, too.

By Jim Mone

"We shouldn't lose any more games if we keep on playing ball the way we have so far." These optimistic words were spoken by one of the main reasons why Omaha University's Indians are rolling along with a 15-1 record and a ranking in this week's wire service polls.

Ken McEwen is his name and he's a sophomore majoring in journalism at OU. To date, he's posted a 6-0 record which includes a no-hitter against Washburn and an earned run average of less than two per game. Add a batting average of .375 and you have quite a bundle of talent all wrapped into one 6'2", 180 pound package.

Ken's athletic background is filled with stardom achieved in baseball, basketball and football at Omaha North High. He was an all-Inter-city choice in baseball and during the summer following his graduation, he led the Storz Legion team to the Nebraska title, Area crown and a third place national finish.

Ken was the winner of the Sporting News plaque as leading Legion batter in the post season competition with a sizzling .548 batting average through the playoffs and national finals at Hastings, Nebr.

Pro ball a possibility  
As for his future, the quiet lad is undecided, but would admit-

tedly jump at a chance to play pro ball. He considers prospects for this opportunity slim, but scouts and most coaches will tell you that indeed, he does have a promising future.

A member of Sigma Phi Epsilon fraternity at OU, Ken's other activities include hunting, writing, hockey and of course stamp collecting and girling.

Ken hopes for an eventual future in journalism after his playing days are over but he's not sure whether he would like a newspaper or TV work better.

Whatever his plans may be, Coach Virgil Yelkin plans for two more excellent years from the lanky chucker.

### Dr. Andree to Speak Here on Mathematics

Dr. Richard V. Andree, associate professor of mathematics and chairman of the department at the University of Oklahoma, will be a guest of the University of Omaha.

Dr. Andree will be on campus May 13 and 14 for a series of lectures and conferences with faculty and students.

He plans to speak on "What Mathematicians Do Today," "The Matrix—Today's Wonder Mathematics," "Boolean Algebra," and "What Computer Science Is All About."

## Intramural Track Meet To Begin Next Wednesday

The intramural outdoor track meet will be divided into two parts this year.

The two-day event will be held next Wednesday and Friday.

There will be eight events each day.

The Wednesday events include: 120-yd. high hurdles, 100-yd. dash, mile run, 440-yd. relay, 880-yd. relay, pole vault, discus, and high jump.

The Friday events are: 220-yd. low hurdles, 220-yd. dash, 440-yd. dash, 880-yd. run, one mile relay, shot put, broad jump and javelin.

The field events will start at 3:30 and the running events at 4:10.

Each participant in the meet is limited to five events.

Any questions about the meet should be directed to Intramural Director Bert Kurth in Room 250, of the Student Center.

### Softball

The only team that is undefeated in intramural softball is Oakford's Crew in the independent league. They have a 3-0 record.

The TKE's and The Sig Eps are tied for the lead in the fraternity section of the league. Both are sporting 3-1 records.

All games are played on the Elmwood park diamonds and will run right up to the end of the school year.

### Softball Standings

Interfraternity	W	L
1. TKE	3	1
2. Sig Eps	3	1
3. Delta Rho	1	1
4. Pi Kaps	2	2
5. Lambda Chi	2	2
6. Theta Chi	0	4
Independent	W	L
1. Oakford's Crew	3	0
2. Bootstrappers	1	1
3. Untouchables	0	1
4. Cherubs	0	2

### Bowling

Lambda Chi ran away with the intramural bowling league. They posted an incredible record of 84 games won and only 20 lost.

The closest competitor to the league toppers was the Untouchables with a 71½-32½ record.

Third place went to the TRE's with a 63½-40 record. There was a tie for fourth place between the Delta Sigs and the Sig Eps. Both had records of 63-41.

League honors for the season went like this:

—High team series, Lambda

Chi, 2488.

—High team game, Lambda Chi, 864.

—High individual series, Johnny Gomez, 713.

—High individual game, John Gomez and Al Whittaker, 268.

### Final Standings

Team	Wins	Losses
Lambda Chi	5447	84
Untouchables	5023	71½
TKE	4975	63½
Delta Sigs	5367	63
Sig Eps	5238	63
Pi Kaps	4893	58½
Tri Chi	5137	55½
Phi	5056	53
Lameducks	5020	52½
Bootstrappers	5023	52
Theta Chi	4343	37
Iota Delta	4516	33
The Crew	4239	29½
KAPH	4272	12

### Inter-Fraternity Standings

Team	W	L
Lambda Chi	22	6
Sig Eps	19	13
Pi Kaps	12	16
Theta Chi	14	18
TKE	13	19

### Golf

The Sig Eps are heading the pack in intramural golf with an undefeated record. They have won 4 matches while losing none. The Fubar's are in the second position with a 3-1 record.

The lowest round of the season was a 37 posted by Jack Fair of the Fubar's.

1. Sig Eps	4	0
2. Fubar's	3	1
3. Pi Kaps	1	1
4. TKE	1	2
5. Lambda Chi	1	3
6. Delta Rho	0	3

## THE SAFE WAY to stay alert without harmful stimulants

NoDoz keeps you mentally alert with the same safe refreshment found in coffee and tea. Yet NoDoz is faster, handier, more reliable. Absolutely not habit-forming.

Next time monotony makes you feel drowsy while driving, working or studying, do as millions do . . . perk up with safe, effective NoDoz tablets.

## Return to NAIA Tournament Is Hoped for 1963

by Mike Moran

Nothing earthshaking came out of Monday night's faculty athletic committee meeting on several points, most important of which was the recent suspension by the NCAA and the question of membership in the NCAA.

Committee members announced that they will reach and make a recommendation to the OU Board of Regents. The board will then have the final say so in the affair.

Coaches questioned seemed to favor membership in the smaller NAIA set up for the present time. Athletic Director Virgil Yelkin said that this would be the most advisable way because Omaha U's athletic program, at the present, is geared to a small school setup.

At the same time, committee members instructed Yelkin to advise the NAIA that Omaha U wishes to be considered for post season competition in the organization's championship playoffs.

OU elected to stay out of the tournament last year following the selection of the Indians as host school. The NAIA agreed to this set up without penalizing OU.

Omaha had set a record by appearing in the finals a total of four times in a row and finishing no lower than fourth in any of their appearances.

**Pettis protests suspension**  
Meanwhile, College World Series chairman Ed Pettis has written a protest to the NCAA calling upon the organization to take back the "raw deal" that puts OU in the ironic position of sponsoring their baseball tournament while not being eligible for it and at the same time participating in the NAIA meet. Pettis strongly criticized the suspension and pointed up the growing rift between Omaha factions and the CWS group.

Next year, beer will not be sold at CWS games and as usual there will be no play on Sundays. These are just two of the barriers suddenly arising between Omaha and the Series, which has been here for the last decade.

**Spring football on agenda**  
Tomorrow, Committee chairman, Dr. Stanley Trickett and Athletic Director Yelkin will be in Pittsburg, Kansas, for the CIC meetings. On the agenda of the school representatives are several items. Most important to OU followers are the resumption of spring football and the expected suspension of St. Benedict's College.

Dr. Trickett stated this week that he might be inclined to reverse his "no" vote in spring football provided a reasonable plan were set up.

The conference has been without spring football since the fall of 1960.

OU coaches have repeatedly stressed the need for these drills if the Indians are to compete with such schools as last year's Bradley, Colorado State and Morningside, Omaha's first three opponents who all benefited from spring drills.

St. Benedict's is on the CIC hot seat for their dropping football from collegiate athletics. The Raven school indicated that their budget would not support the program any longer.

The representatives are expected to vote St. Benedict's out of the conference. No successor has been mentioned as yet. Spring football is given a good chance, as Fort Hays has also indicated a change of heart on the matter.

Also on the conference meeting slate are such matters as standard eligibility rules, raising the annual dues, by laws changes, film exchange procedures, scouting limitations and establishment of a sportsmanship award.

## Huskers Bop OU's Courtmen Again, 7-0

Omaha University's tennis team was shut out by University of Nebraska tennists last Tuesday 7-0.

Just a week earlier Omaha courtmen, in their first encounter with the Cornhuskers dropped a 6-1 decision. Omaha's lone victory came in doubles competition. An Omaha team of Ron Stepp-Joe Benson edged a capitol city two-some of Jeff Wu and Dick Woods, 8-6.

Last Friday Creighton U. proved too much for Omaha, handing them a 5-4 loss on Dewey courts.

Gene Licka, Omaha, defeated Sam Brown, Creighton, 7-5, 6-4. Omaha's other singles victory was taken by Doug Huber who defeated Creighton's Bob Dobson, 6-4 6-2.

Omaha's Gene Licka and Al Konecky defeated Sam Brown and John Lammers, 6-2, 6-8, 6-4. Another Indian two-some of Ron Stepp and Joe Benson overpowered a Creighton pair of Tom Stabile and Bob Dobson, 6-2, 3-6, 6-0.

## Indian's Sock Emporia St. Twice; Take 15-1 Mark to South Dakota

by Detroit Ralph

Omaha University's baseball team got past the unlucky number of 13 victories as they swept a double-header from Central Intercollegiate Conference opponent Emporia State on Tuesday, 9 to 7 and 12 to 2.

The victories ran the Indians' record to 15 wins and one loss for the season, and 3-1 in CIC play. Washburn is on top of the conference heap with a 5-1 record, having split two games with OU last week.

Last Saturday's double-header with Pittsburg State was rained out, and because of Pittsburg's reluctance, they have not been rescheduled yet.

Frank Pecha picked up his fourth victory against one loss in the opener, but needed help to finish the game from Larry Krehbiel.

Reserve outfielder Paul Kaster had a hot bat in both games as he started at third base in

place of the ailing Eddie Bryant, who is out with tonsillitis. Kaster had three straight singles in as many chances in the opener and had a single, a double, and a homer in four tries in the second game.

Ken McEwen, who threw a no-hitter in his last outing, gave up a single and a home run to get his sixth win without a setback. McEwen allowed only one earned run in the five innings he pitched. Bill Drefs was bothered by a streak of wildness as he walked three men in the sixth inning, but didn't give up a hit.

The second game was halted after six innings because of the ten-run-rule.

Home runs by Gary Gilmore, Joe Neuberger, and Kaster led the Indian's 15-hit attack in the nightcap.

A couple of unusual plays highlighted the first game. An odd double play combined out-

fielder Wayne Backes, catcher Don Gruidel, and pitcher Frank Pecha. With the bases loaded, Backes caught a fly and threw home to Gruidel who bobbled the ball and Pecha came up with it.

The runner on third decided to stay there, but the runner on first took off and ran down to second base which was already occupied. When Pecha saw this he ran the runner down and put a diving tag on him.

In the third inning, Neuberger bunted with two men on base. As first base and home plate were overthrown, all three men scored.

OU baseballers will miss the Maie Day festivities as they left last night at 5:30 for an overnight stay in Sioux City on their way to Brookings, South Dakota. They will play two nine-inning games against South Dakota State, one this afternoon, and another tomorrow.

## WHAT'S HAPPENED TO FALCON

## EVERYTHING! AND YET...

Early this year we put a 164-hp V-8 in a new kind of Falcon called the Sprint, and entered the stiffest winter road test we could find... the 2,500-mile Monte Carlo Rallye. We didn't know what would happen... but happen it did.

First, no one dreamed all the Rallye cars would have to experience the worst winter in decades. Snow, below zero temperatures, and the most demanding terrain in Europe took their toll. Two thirds of the 296 cars that started, failed to reach Monaco.

A lot of experts told us that the Falcon V-8's, untried as they were, could not hope to finish the Rallye with the best of weather. But not only did two Falcon Sprints finish, they placed first and second in their class. But there were more surprises (for

everyone) in store. Against all competition, regardless of class, the lead Sprint went on to take first in the final six performance legs.

We honestly didn't know the Falcon Sprint would do this well. But it showed us a Falcon with our new 164-hp V-8 is a car that can perform with the best of them. So a lot has happened to Falcon, and yet...

A six-cylinder Falcon has just finished the Mobil Economy Run and finished first in its class. It had to take a lot of punishment, too... 2,500 miles from Los Angeles to Detroit over mountains, deserts, and long stretches of superhighways. But the nickel-nursing ways of the all-time Economy Champ took all comers in its class.

So you see something has happened to the Falcon. It can be what you want it to be... a V-8 that travels in the same circle as Europe's performance kings... or a Six that can travel cross-country on a budget. There's something to put into your compact.
